## National Skills Qualifications Framework (NSQF)

---

- Offered & completed Information Technology (IT) as Skill Subject in Class X under NSQF (Level-2) and achieved 96% marks with Grade A1. [2020]
- Offered & completed Artificial Intelligence (AI) as Skill Subject in Class XII and achieved 85% marks with Grade C1. [2022]

## Projects

---

### Personal Website

[27.07.2022]

- Developed a responsive website showcasing my projects, experience, and skills in web development.
- Utilized HTML, CSS, and JavaScript to create a user-friendly and visually appealing interface.
- Integrated interactive components and animations to enhance user experience.
- Website URL: <https://the-lighting.github.io/>

### AI Chatbot

[11.04.2024]

- Designed and developed an chatbot using Python.
- Implemented features such as voice recognition and response generation.

### AI Model training and prediction

[May 2024 - June 2024]

- Used CSV data to train model in order to predict intent and purpose using Azure AutoML analysis.
- Helped to track user analytics and buy-intent of users via a chatbot when interacting with it.

## Certifications

---

- Python for AI and ML - [Pantech E Learning]

[01.09.2023 – 30.09.2023]
